B·A·S·E CAMP

BUILD A SUMMER EDUCATION

ARCHITECTURE ADVENTURE: *Build a miniature city*

3rd 4th *Current Grade Level*

Session 1 June 7 – 18
Session 2 June 21 – July 2

Are you interested in architecture and design? Do you like to build things or make models? You'll construct a miniature city and explore architectural landmarks from around the world. Learn about places and spaces, buildings and structures, houses and homes while working with the tools and materials of professional architects. You'll also have an opportunity to learn how to create 3D models using Google Sketch.
(Students may sign up for both sessions)

\$200 / 2 wks

GEARED UP: *Engineering with Legos*

2nd 3rd 4th *Current Grade Level*

Session 1 June 7 – 18
Session 2 June 21 – July 2

Design and build machines that work (including a cart, a clock, a windmill, and a robotic dog) using Lego Motorized Mechanisms kits. You'll work in teams to complete and test models, and solve problems that arise. It's fun and exciting, while teaching you about engineering, science, math and technology. No previous Lego experience required!
(Students may sign up for both sessions)

\$200 / 2 wks

VEX ROBOTICS: *Create a robot*

5th 6th *Current Grade Level*

Session 1 June 7 – July 2

Learn to design, build and program a remote-controlled robot from scratch. There will be a Robotics competition at the end of the 4-week session. This is a great opportunity for those with no experience, as well as students with previous experience to experiment, learn and have fun!
(One 4-week session only)

\$400 / 4 wks

THE OAK PARK EDUCATION FOUNDATION recruits artists, architects, scientists and technology experts to share their passion for learning by conducting hands-on projects with students. In addition to Vex Robotics, Geared Up and Architecture Adventure, we run the award-winning Global Village and Art Start programs in every District 97 school during the academic year. OPEF is a privately funded, non-profit organization.
